Dear fellow upland enthusiast,

A short note to address a couple news items:

1) I have made the decision to allow our members that are also members of Bird Dog Challenge the opportunity to have their placements in our competitions recognized for points in their system. Competitors that elect this option must declare their position prior to the start of the competition and remit the fees (\$15/entry) associated with this elective. At the conclusion of the competition, the results and fees are sent immediately to BDC for entry and recognition.

It is our hope that this relationship will prove beneficial to both organizations by allowing more regional opportunities to their members, greater participation in our competitions while fostering friendships and camaraderie among the competitors.

2) In the spirit of being a "good neighbor", Luke Welch and I have mutually agreed to move the date of **The Jewel to February 13<sup>th</sup> - 14<sup>th</sup>** rather than the original date of February 6<sup>th</sup> - 7<sup>th</sup> as to not interfere with another regional tournament. It will still be at the Wisconsin hope of M.U.G.S. - Whispering Emerald Ridge Game Farm.

I am thrilled with the number of new members and their early success. Once again, we may not have the highest number of entries at our competitions but no one can challenge our quality of competitors - dogs and humans alike.

May your holidays be safe and memorable!

Good times and good hunting,

Dave Northamer
