Proudest accomplishment while competing: Finishing 4th at Minnesota State Partridge while Hector was 8 months old

Who do you most frequently hang out with while competing: Brian Roushar, Mike Peterson, Dave Behnken and Todd Haferman

What is one thing that your competitors may not know about you: I am not a "player" after hours

Do you self train or have your dog professionally trained: Brian Roushar and Terry Holzinger have each trained Hector

How were you introduced to hunting: By my father, Larry, 25 years ago "thanks, dad"

What other types of hunting do you enjoy: Waterfowl, turkey and deer (archery)

What is your favorite spot to hunt: Saskatchewan

What do you shoot: A VERONA 503 LX. Please, emphasize the LX, it's a fine firearm. There will be plenty of gun envy as others read this, I am sure.

What others have to say about Jonathon: "Tepley represents himself as the life of the party, and often he is, but for as laid back as he is—nobody gets as much from competing, and winning as Jon. He is as straight forward as they get, too" - Mike Peterson
